

## Update - July 2007

---

### **Levy**

Gas Industry Co is pleased to advise that the Gas (Levy of Industry Participants) Regulations 2007 were gazetted on 31 May 2007. The regulations came into force on 29 June 2007. A copy of the regulations is available by clicking on the following link:

[Levy Regulations](#)

In addition to an increase in the levy rates, wholesale levy payers should note that, from 1 July 2007, the wholesale levy is payable in respect of gas purchased during the month prior to the levy being payable, rather than on gas purchased during the quarter before the last quarter. This means, for example, that the wholesale levy payable on 20 July 2007 will be payable in respect of gas purchased during June 2007. As a consequence, gas purchased during January 2007 to May 2007 will not be included in the levy calculations.

### **Vacancies**

There are currently two staff vacancies at Gas Industry Co.

**Legal Adviser** - we seek an intermediate level lawyer, ideally from a background in public law, legislative development or a commercial or corporate background, to assist our General Counsel in providing a range of legal services to Senior Advisers, the Chief Executive and Board.

**Senior Adviser – Strategic Issues and Projects** – we seek an individual with exceptional written communication skills, excellent analytical skills, well developed strategic thinking, and good project management to report to the Chief Executive and undertake projects either across work streams or as stand alone projects identified by the Chief Executive, including taking responsibility for current retail projects.

Click [here](#) for more information regarding these vacancies.

## ***Coming Up***

Gas Industry Co anticipates publishing a number of consultation papers in the coming months:

- Statement of Proposal on Reconciliation of Downstream Gas Quantities
- Statement of Proposal on Arrangements for Outage and Contingency Management
- Discussion Paper on Proposed Arrangements for Transmission Access

Further details will be provided in future updates as these documents are released for consultation.

---
