

### Part 1. Introduction

#### **Purpose**

The Gas (Processing Facilities Information Disclosure) Rules 2008 (the 'Rules') provide a process for deciding on the need for regulation of third party access to gas processing facilities. A 'gas processing facility' separates the various parts of the fluid from a well. It removes impurities and provides specification gas and gas liquids.

The Rules require the owners of gas processing facilities to disclose certain information to Gas Industry Co. This includes annual information about ownership of gas processing facilities, forecasts of spare capacity, and technical information on the capacity of facilities (refer to Part 2 of the Rules).

Owners of gas processing facilities must use this form to provide the information under Part 2 of the Rules.

#### **Who should use this form?**

If you are the owner of a gas processing facility, you must use this form to provide the information required under Part 2 of the Rules.

If the facility has more than one owner, only one owner needs to provide information for that facility.

A director or principal officer of the facility owner must certify disclosed information (see Part 10 of this form).

#### **What information is required?**

The Rules require facility owners to disclose, for each gas processing facility:

- the ownership share and contact details of all facility owners;
- forecasts of spare gas processing capacity; and
- technical information on the capacity of gas processing facilities.

#### **How will the information be used?**

Gas Industry Co publishes all the information provided on this form. It places the information on the Gas Industry Co website within 10 business days of receiving it.

#### **Sending disclosure information**

You must send disclosure information to Gas Industry Co no later than 30 business days after commissioning of the facility, on the annual anniversary or that date, and whenever there is a material change in the information provided.

You can mail, fax or email the information. See Part 11 of this form (Submitting Disclosure Information) for detailed instructions.

Use a separate form for each gas processing facility.

## Gas Processing Facility Information Disclosure Form

### Part 11. Submitting Disclosure Information

You may submit information disclosure forms to Gas Industry Co in any of the following ways:

**By Post** Gas Industry Co  
PO Box 10-646  
Wellington

**By Facsimile** 04 472 1801

**By Email** [submissions@gasindustry.co.nz](mailto:submissions@gasindustry.co.nz) but only if:

1. the director or principal officer of the facility owner disclosing information emails the submission; and
2. the body of the message includes the following text: "The facility owner has ensured that the information provided in this disclosure is correct. The information provided in this disclosure does not provide a guarantee of performance nor commit the facility owner to processing gas."

**Note** Gas Industry Co acknowledges receipt of all submissions electronically. Please contact Jay Jefferies (Ph: +64 4 472 1800 or email: [jay.jefferies@gasindustry.co.nz](mailto:jay.jefferies@gasindustry.co.nz)), if you do not receive electronic acknowledgement of your submission within two business days.

### Part 12. Units of Measure

Except for the information in Part 7 (Capacity Summary), you may use either imperial or metric units of measure in this information disclosure form. Please include the conditions or assumptions for each measure (for example, '90 mmscfd @ < 10 ppm H<sub>2</sub>S' or '600 bpd as natural gasoline'). Preferred units of measure (and context) include the following:

<b>mmscfd</b>	million standard cubic feet per day (natural gas processing)
<b>bpd</b>	barrels per day (water handling, water injection, oil export)
<b>tpd</b>	tonnes per day (LPG fractionation, LPG loadout)
