## GTAC: submissions in response to Gas Industry Co's consultation

In our News Bulletin dated 13 September 2018, we asked for feedback from stakeholders on the following two matters:

1. Aside from matters covered in your feedback to First Gas on the GTAC draft, if there are any elements of the proposed arrangements that you think require particular attention in Gas Industry Co's assessment, can you please explain what these are and why they are relevant?
2. Stakeholders are familiar with the methodology we used to analyse the 8 December 2017 GTAC (broadly the three step; top-down, bottom-up and holistic approach), but if there are any aspects of the analysis you think could be improved, we would like to hear your suggestions, including why these are relevant to MPOC s22.16(b)

Submissions received on the above matters are available [here](#).
