## Changes at Gas Industry Company.

We wish to advise that following completion of the intense period of work associated with the GTAC two longstanding GIC team members, Ian Dempster and Keith FitzPatrick will be leaving us.

Ian has contributed over 15 years to many of the initiatives at GIC which have provided the solid framework of regulation and industry arrangements the industry enjoys today. We thank Ian for his significant contribution and wish him all the best for his future endeavours.

Since retiring from a full-time role in 2016, Keith continued to provide some part-time communications support to GIC. Keith has contributed to the energy industry for over 35 years, through roles with GIC, Vector, NGC and several predecessor organisations. We wish Keith all the best for his retirement.
